INSTRUCTIONS FOR USE
IMPACT EVO JUNIOR KNEE GUARDS – 0023918

1. Intended use

This product is protective equipment intended to protect the rider while riding a motorcycle. It is designed to help reduce the severity of impact injuries without restricting the ability to control the motorcycle.
The protector is personal protective equipment (PPE) that provides limited protection against mechanical impacts in the event of a fall.
THIS PROTECTOR HELPS REDUCE THE SEVERITY OF IMPACT INJURIES.
NO PROTECTOR CAN PROVIDE ABSOLUTE PROTECTION AGAINST ALL POSSIBLE IMPACTS!
NO PROTECTOR CAN ENSURE PROTECTION AGAINST ALL INJURIES CAUSED BY BODY TWISTING OR SUDDEN MOVEMENTS.
Always use the protector together with other appropriate protective equipment, especially a motorcycle helmet, chest/back protector, gloves and boots.

2. Materials and manufacture

The synthetic and natural materials used, as well as the manufacturing processes, were selected with regard to the requirements of European technical standards relating to safety, ergonomics, comfort, durability and product health safety.

3. Limitations of use

The protector is intended exclusively for motorcycle sports activities and must not be used for purposes other than those for which it was designed.
Changes in environmental conditions, particularly temperature and humidity, may affect the protective properties of the protector. Any modifications to the product, changes to its original design or improper use may reduce its protective function.
Use the protector only for its intended purpose and in accordance with these instructions. Do not modify the product.

4. Inspection before use

Before each use, check that the protector is complete, undamaged and in good technical condition. Pay particular attention to:
• the condition and attachment of protective elements,
• seams and textile parts,
• fastening straps,
• sliding buckles,
• proper functioning of the fasteners.
If you find cracks, torn seams, damaged parts or fasteners that do not work or stay closed, do not use the protector.
The protector provides the declared level of protection only when undamaged, retaining its original properties and correctly fitted. If it is damaged or you have doubts about its function, stop using it and replace it with a new one.

5. Laboratory testing and protection level

According to the manufacturer, the protector has been laboratory-tested in accordance with the requirements of standard:
• EN 1621-1:2012
The level of protection is determined by the protector’s ability to limit the force transmitted by an impact.

6. Choosing the correct size

Choose a size suitable for the user’s build. The protector must fit properly, without constricting or restricting movement while riding.

7. Fitting and adjusting the protector

Before fitting, check that the product is complete and in good condition.
1. The protector is designed for the right and left leg. Secure it over the knee so that the straps do not constrict or restrict movement and the protector remains in the correct position.
2. Supportive clothing, such as long socks or sleeves worn under braces, can help keep the protector in

position; motocross boots also help stabilise it.
The protector must always be fitted and secured correctly to provide the declared protection.

8. Care, maintenance and storage

After use, allow the protector to dry in a well-ventilated place at room temperature. Do not tumble-dry it or dry it near radiators or other heat sources.
If dirty, remove dirt with a dry cloth. Do not wash the protector under running water, use chemicals for cleaning or dye the product.
Store the protector in a dry, well-ventilated place. Protect it from direct sunlight, prolonged exposure to very high or low temperatures, excessive loads and deformation.
Inspect the product regularly. If it is damaged, deformed or you have doubts about its protective properties, stop using it and replace it with a new one.

9. Disposal

At the end of its service life, dispose of the product in accordance with local waste-management regulations. Keep the packaging out of children’s reach to prevent the risk of suffocation.

10. Declaration of conformity

The EU declaration of conformity in Czech is available at:
https://www.mefo.cz/acerbis-chranice-kolen-kloubove-junior
The original declaration of conformity in English is also available on the manufacturer’s website:
https://marketing.acerbis.it/motorsport/35-protection/10154-lower-body-protections/0023918
