

INSTRUCTIONS TO USING SIDI MOTOCROSS SHOES

- 1) When selecting, carefully consider the purpose for which purpose for which the shoes will be used. Use the footwear in a manner and environment appropriate to its purpose.
- 2) Carefully select the correct size and the best fit. Improperly chosen type of footwear, incorrect size, width or shape may not be grounds for a later claim.
- 3) Try the footwear on carefully when purchasing.
- 4) Leather and textile shoes with sewing are not waterproof. Waterproofing can be increased by using suitable waterproofing products for footwear.
- 5) Take into account that the wearing of footwear reduces its service life accordingly. The warranty period for footwear should not be confused with the service life of the footwear. Due to the different intensity of use of footwear by individual consumers, the life of the footwear may be exhausted before the warranty period.
- 6) Footwear must be protected from chemical attack and wetting.

MAINTENANCE

- after use it is important to clean the shoes well so that they are properly prepared for the next use
 - if the shoes are wet and muddy, first clean the mud with a wet sponge
 - then fill the insides of the shoes with paper to help absorb moisture and keep their shape
 - dry the shoes at room temperature in a well-ventilated place
 - if the shoes are dry after use, just lightly brush them with a soft brush
 - stones, nails, etc. should be removed from the soles
 - shoes fitted with the Micro Lock system should be thoroughly cleaned of dirt, sand and mud after each use
 - clean the screwed on protectors carefully and then use silicone on the screws
 - check the screws holding the protectors regularly
 - never wash shoes in an automatic washing machine or with a stream of water
 - do not use aggressive cleaning agents or harsh brushes
 - never dry shoes over a fire, on a radiator or other heating element
