

## Glass for glasses

### Mounting:

Remove the film from both sides of the glass. Begin to insert the new glass into the frame of the glasses, first in the nose area. Place the glass in the groove in the frame of the glasses in the nose area. Make sure that the glass fits snugly into the grooves before continuing to insert the glass.

Insert the glass gradually from the bottom of the spectacle frame towards the sides and upwards so that the glass always fits well into the grooves in the frame.

### Maintenance:

Clean the glass with a cloth dipped in soapy water and rinse under running water, then dry with a soft cloth.

**DO NOT USE ANY CHEMICALS.**

Dispose of the product environmentally at the end of its life.

Made in the EU
